

ATHEEQ SYED

atheeqsyed9968@gmail.com | [LinkedIn](#) | +33 745 583 180 | Paris, France

Product-minded strategist managing a 200+ product AI portfolio at a Fortune Global 500 pharma — from market research and requirements definition to adoption metrics, launch support, and a PoC scaled to 10,000+ users.

EDUCATION

ESSEC Business School

Master in Management, Grande École (ranked #3 worldwide, FT)

Paris, France

Sep 2024 – Present

- Relevant coursework: Junior Consulting Experience, Strategic Management, Marketing Management.

SRM University AP

B.Tech in Computer Science and Engineering

India

Jun 2018 – Jun 2022

EXPERIENCE

Sanofi — AI Strategy & Portfolio Intern

AI product portfolio — 200+ products, discovery to delivery

Paris, France

Sep 2025 – Present

- Partnered with 10+ cross-functional teams (engineering, data, business) to guide GenAI products from discovery to delivery — evaluating use cases, defining requirements against enterprise frameworks, and prioritizing implementation pathways, cutting duplicate efforts ~25%.
- Conducted market and capability research across 200+ AI products — mapping business, technical, and product features to identify trends, gaps, and reuse opportunities that accelerated deployment consistency across teams.
- Monitored product adoption and usage metrics across 50+ countries via executive-facing Power BI dashboards, surfacing optimization opportunities to senior leadership and C-suite stakeholders.
- Built an end-to-end GenAI proof of concept using Cursor (AI-assisted development) and Snowflake Cortex; demoed to senior leadership, secured buy-in, and scaled to 10,000+ internal users — de-risking the business case ahead of full GenAI solution investment.

KidsPass.Asia — Product Analyst Intern (Founding Team)

Founding team — customer discovery, feedback loops, and product-market fit

Singapore

Nov 2024 – Jan 2025

- Ran customer discovery with 50+ B2C customers across Singapore, translating pain points into feature recommendations and onboarding improvements — contributing to a ~50% partner onboarding rate.
- Analyzed customer engagement and onboarding data with cross-functional teams to prioritize product and growth improvements.

Fiserv — Technology Analyst

Fortune 500 fintech — internal tooling and stakeholder delivery

Chennai, India

Jun 2022 – Jun 2023

- Built a token-based authentication system adopted by a 1,000+ member support organization, reducing issue resolution time by 80%.
- Translated stakeholder needs into functional roadmaps, user requirements, and prioritized backlogs, cutting project scoping time by 40%.
- Trained 12 team members on data visualization (Splunk), improving reporting accuracy and decision speed across operations.

LEADERSHIP & ACTIVITIES

Career Service Ambassador — ESSEC Business School

Singapore | Sep 2024 – Sep 2025

- Represented a 40+ student cohort as liaison to partner companies — streamlined communications and secured networking and recruitment opportunities that boosted engagement.

Head of Sponsorship — SRM University AP

India | Aug 2021 – Dec 2021

- Negotiated and closed 3 sponsorship deals worth \$5,000+ by pitching strategic value and aligning sponsor objectives with event deliverables.

CERTIFICATIONS

Microsoft AI Product Manager Professional Certificate — Coursera

Six Sigma: White Belt — LinkedIn Learning, Jul 2026 | Introduction to Business Analysis — LinkedIn Learning (IIBA®-endorsed, 3.0 CDUs), Jul 2026
